

VIRTUAL & HYBRID MEETING SERVICES

**Bring your team together.
Connect. Collaborate. Engage.**

The transition from an in-person meeting to streaming virtual on-demand events can be a challenging experience for even the most seasoned event management teams. AVP's Virtual & Hybrid Meeting Services can provide you and your organization with a safe, professional, on-brand technical solution to help deliver your intended message and bring your virtual meetings to life. Following all CDC guidelines, our experienced professionals are committed to the flawless execution & subsequent success of every event we produce in this new digital world.

- ❖ Cloud-based streaming platforms with fully collaborative speaker presentations and interactive networking sessions
- ❖ Seamless transitions, customized backgrounds, splash pages, and picture-in-picture capabilities for a personalized on-brand experience
- ❖ Value-rich remote guest experience with a variety of attendee engagement, reporting, and real-time feedback options
- ❖ AVP's professional on-site & remote management teams provide comprehensive technical support for the duration of your event
- ❖ Pre-recorded event options, live options, and a full suite of editing capabilities
- ❖ Custom event landing page with sponsorship opportunities

"We have been **long time clients** of AVP. Your team always goes **above and beyond** what is asked and exceeds the virtual expectations time after time. AVP provides wonderful recommendations to **enhance** the overall guest experience, their knowledge and expertise is highly valued."
